

SALES NEWS Issue 44

20th January 1992

Dear Dealer

Econet Bridge

A new design of Econet Bridge is being developed by SJ Research in Cambridge, in association with Acorn Computers Limited.

Based on the well-tried Acorn design it will include many enhancements which users have suggested, such as;

- faster clock speeds
- enhanced user interface
- increased security
- built-in clock

Please be aware that the retail price has been increased to £245 and orders received after 24th January 1992 will be priced accordingly. Dealer prices are as follows:

Code	Description	Retail Price	Dealer Price
AEH32	Econet Bridge	£245	£191.10

However, current outstanding orders will be supplied at the acknowledged price of £139.62. Delivery is expected mid-March.

Podule Backplane - AKA01

Please be aware that this product is no longer available from Acorn and outstanding orders are hereby cancelled.

Yours faithfully

Tracy Bottomley
Senior Sales Co-ordinator
Sales Operations Department
