

Special Spring Sale - C/C++

Acorn C/C++ provides a full set of tools for developing applications to run on Acorn's 32-bit RISC computers. It has been designed to help you develop RISC OS 3 applications to the highest possible standards and comprises the C compiler, C++ translator, ARM assembler and a set of programming support tools. Included with the package is a powerful resource editor and tester allowing Style Guide compliant user interfaces to be built quickly and easily.

The Programmers Reference Manuals, (PRMs), include details of all aspects of programming for RISC OS 3. It comprises 4 volumes in a boxed set with the RISC OS style guide and indexes. Volume 5a of the PRM's covers all the new features in RISC OS 3.6.

The software tools, together with the PRMs, provide the definitive programming suite for Acorn's machines.

Special Spring Sale
