

SALES NEWS Issue 49

1st May 1992

Dear Dealer

Tescos Employees Scheme - error

The attached claim form, our ref; TC/Cash, supersedes the one supplied in our dealer mailing dated 16th April 1992. The previous form included a typographical error in respect to the claim values therefore it is imperative that all copies of the incorrect form are destroyed and replaced with the enclosed.

We apologise for the error and any inconvenience that may have ensued.

10 stn Lead Set

Further to a dealer mailing in October 1991, please be reminded that the above product, AEH18, is no longer available.

FSCSI/CDFS Upgrade Kit

The above product, AKA33, is now in stock. It is an updated ROM for all Acorn SCSI cards (AKA30 and AKA31) and provides access to standard CD ROM drives which support a SCSI interface.

When fitted to an AKA30, a simple modification is required to the SCSI card PCB whereas the AKA31 requires no such modification since suitable links are fitted. Prices are as follows:

Code	Description	RRP PriceExc VAT	Dealer Exc VAT
AKA33	FSCSI/CDFS Upgrade Kit	19.95	15.56

PC Emulator 1.8

Acorn has now released version 1.8 of PC Emulator, product code AKA70. Prices remain the same as the previous version. Please see attached Product Statement for further details.

Yours faithfully
