

IMPORTANT INFORMATION on the Risc PC 486 Card

Congratulations on purchasing your Acorn Risc PC! We have some important information for you on the availability of the Risc PC 486 Card.

The Risc PC 486 Card will be offered for sale at the special price of just £99 (plus VAT) when purchased with the Risc PC.

If you have bought your Acorn Risc PC either before the PC 486 Card becomes available, or within three months of the introduction of the Card, you will also have the chance to buy the Card at this special price. This offer is open only for the first three months after the PC 486 Card becomes available.

The processor represents unbelievable value for money. It will be a 25/33MHz 486SX and will come with DOS as standard, enabling you to run DOS applications as you might on a 486 PC. With the addition of Microsoft Windows the Card will run Windows software at SVGA resolution, like a PC with a graphics accelerator! By fitting the PC 486 Card to your Risc PC you really do have the best of both worlds.

The PC 486 Card is very easy for you to install and full instructions will come with the pack. It is expected to be available in the last quarter of 1994.

We tell you overleaf how to order the PC 486 Card.

You can obtain your Risc PC 486 Card either at the dealer from whom you purchased your Risc PC (not every dealer will be carrying this special offer and so it may be advisable for you to telephone the dealer first to check), or by sending a proof of purchase (i.e. a copy of your dealer invoice), together with payment (€116.33 including VAT) to:

Acorn Direct
13 Denington Road
Wellingborough
Northamptonshire NN8 2RL

Tel: 0933 279300

There is no charge for post and packing. Cheques should be made payable to 'Acorn Direct'.

Remember, this special offer lasts for only three months after the release of PC 486 Card, so you should take advantage of it at the earliest possible opportunity. News of the Card's release will be sent to all registered owners as soon as the Card becomes available, so it is vital to register ownership using the Owner Registration Card (found inside the computer carton). Information on availability will also appear in Acorn magazines.

If you would like any more information about the PC 486 Card, or any other Acorn product, your Acorn Authorized Dealer will be pleased to help. Alternatively, call Acorn Customer Services on 0223 254222.
