

**SPECIAL OFFER**  
**LAUNCH**  
**PRICE**  
**£1299** inc vat delivery extra\*

To celebrate the launch of the IYONIX pc, we are offering a top-spec system at a fantastic price. Packed with a huge 80GB hard drive, a massive 128MB of RAM together with a super-fast CD burner, this launch version of the IYONIX pc is the best RISC OS computer ever.

At the heart of the new IYONIX pc is an ARM designed XScale processor running at a breathtaking 600MHz. That is more than 250% faster than the current StrongARM processors. With accelerated high resolution graphics of up to 2048 x 1536 pixels in 16 million colours, a UDMA100 hard drive and 200MHz memory, the IYONIX pc is poised to take on the established computer platforms.

Get your hands on one now. This special offer ends on 31st December 2002!

### CASE - MicroATX midi tower

2 x 5.25" bays	'Soft On' switch on front
3 x 3.5" bays (1 hidden)	'Reset' recessed on front
4 x PCI slots	

Dimensions(mm) 360H x 185W x 402D (distance from wall 65)

### PSU

Input 180-264 volts 47-63Hz (110 volt available by special order)  
 250Watt PSU with silent mode  
 On/off switch

### MOTHERBOARD FEATURES

Size	MicroATX
Processor	600MHz ARM XScale 80321
Sound	CD quality AC97, 16bit soundblaster compatible
Unique ID	MAC address
PCI signalling	3.3v
Video	Resolutions of up to 2048 x 1536 pixels in 16 million colours

### EXTERNAL PORTS

2 x RS232 Serial ports  
 10/100/1000 base twisted pair networking port  
 Audio in socket  
 Microphone socket  
 Audio out/Headphone socket  
 Video  
 4 x USB (2 front, 2 rear)

### INTERNAL CONNECTORS

2 x IDE connectors UDMA100 supporting 2 drives per connector (1 occupied)  
 FDD connector (occupied)  
 DDR RAM socket (occupied)  
 32-bit EASi module expansion socket (2 slot backplane required)

### PCI EXPANSION

2 x 64bit: 1 - unoccupied for customer use  
           1 - nVidia Geforce 2 MX400 graphics card  
 2 x 32bit: 1 - unoccupied for customer use  
           1 - USB 1.1 expansion card USB

### OPERATING SYSTEM

RISC OS 5 held in 4MB FLASHROM (field upgradeable)

### KEYBOARD

UK 105 key, soft-touch, membrane contact, USB keyboard

### MOUSE

3 button USB mouse

### SOFTWARE

Writer +	Fireworkz	Oregano 2
Messenger Lite	Dialer	CDBurn

+ many other applications and demo software
